Todd Caudle has been photographing Colorado's landscape for more than 30 years. His work has appeared in a host of regional and national publications, including View Camera, Backpacker, 5280, Shutterbug and Rolling Stone magazines, and Sierra Club calendars, as well as on the covers of the Colorado Official State Vacation Guide and the Colorado Springs Visitors' Guide. His book, 14,000 Feet - A Celebration of Colorado's Highest Mountains, won the Colorado Book Award in 2006. His work can also be seen in a variety of Colorado calendars and books, also published by Skyline Press and available at .com.

Love the calendar itself. Very pretty. Good size but I write a ton on my calendars. Could get a planner but for some reason I prefer looking at a calendar on my wall. You can barely put any pressure while writing on it and it goes through like 2 pages. And really visible at that. Not a big deal but just an FYI.

Utah is one of my favorite states for hiking, mountain biking and running and this calendar does a nice job capturing many areas around the state. Great photography and have it in my work office.

This calendar is a must if you love the Utah National Parks.

love it

Great Utah Scenery Calendar!
