Don Rosa, (born June 29, 1951) lives near Louisville, KY. Famed for his prizewinning *Life and Times of Scrooge McDuck*, Rosa wrote and drew a whopping two decadesâ¢ worth of ripping Scrooge and Donald yarns! David Gerstein is a comic book writer/editor and animation historian specializing in the Disney Standard Characters. His books include *Mickey and the Gang: Classic Stories in Verse* and *Walt Disney Treasures*â¢ Disney Comics: 70 Years of Innovation. He lives in New York City, NY.

Oh my gosh, I love the stories and drawings. Huge fan. Very sturdy binding.

Fantastic book! I really love the quality and coloring and of course the stories!

Another fabulous collection of Rosa's Duck stories. This collection contains 8 stories - with "Gyro's Beagletrap" as a one pager to "The Last Lord of Eldorado" as a 30 page adventure. In terms of stories, it contains more material than the previous volumes. The length of the book is well over 200 pages. It contains one of the Rosa's personal favourites - "A Little Something Special", one of his least liked one "The Once and Future Duck" as well as one that is most liked by the fans - "A Matter of Some Gravity". Colors are vibrant and palatable, the cover is improved in appearance from the drab grey looking previous cover. The stories thread in history, geography, science, facts and humor to make it another great collection. Apart from the stories themselves, there are lots of writings by Don Rosa himself. It includes some pictured from his archives along with the explanation of the story history which is a bonus with these books. Rosa also continues on his biography, this time explaining his interactions with fans and followers throughout the world. Two interesting pictures drawn by Rosa are included in the volume - first one Scrooge with his friends and enemies all picturized in a single page and the other in which all the memorable souvenirs of Scrooge are displayed in a two pager. The details of both these pictures with references to the adventures they appear in are also mentioned.
