For over 40 years, Southern Living magazine has delivered definitive Southern food, decorating, and entertaining ideas to its readers, making it one of the most trusted sources in the country that reaches over 16 million readers monthly. I love a good cookbook! Some you fix only one or two recipes from the book and wonder if it is worth the shelf space. This is worth prime cookbook local! I have made 5 recipes from this book and all turned out either very good or excellent. The chicken, mushroom and rice soup is like a dessert- so good and the BBQ chicken with cornbread crust I made today will be thoroughly enjoyed by a very selective teen daughter. I have found Southern Living recipes to be consistently reliable. The ingredients are family friendly and the recipes don't have 7 different steps. I won't say these are light recipes but I think they modify well. The Chicken Spinach lasagna was very good- and fattening. I did add extra vegetables to justify! I just ordered it for my sister because I keep talking about what I

am cooking. Love Prime free shipping.

Most impressed with this seller! The book was delivered right away to my home!! was introduced to this delightful book recently while vacationing in Florida after eating a most delicious casserole by my sister-in-law, a marvelous cook! She showed me this book and I was sold! My husband delighted! I immediately ordered it, receiving it before I even arrived home! What a great surprise! The recipes use the juicy tender Rotisserie Chicken already prepared from any grocery deli that will save hours of time in the kitchen! My husband LOVES ALL of the recipes! It's a hit with my family!

I have owned this cookbook for years, and just bought another as a present it is so good. So many AWESOME recipes, and we have not been disappointed with the 10 we have tried so far. It also contains recipes for side dishes to serve with the main chicken dish. Also gives hints and suggestions for each recipe. The best part of the recipes is that they are not complicated and usually contain ingredients most people already own. And even if you have to buy a new spice, it is something that can be used on multiple recipes or even with other dishes.

I bought several of these books to give as gifts in our MOMS group at church. It is full of quick, easy dinner ideas that busy moms can make with little fuss and all from a rotisserie chicken. Recipes are easily adaptable to personal tastes too.

I really like this book. Somehow, I've misplaced my previous copy...so I bought another. Handful of really, really good recipes that are quick...assuming that you shred the rotisserie chicken previously. I usually do this step a few days in advance and leave the shredded chicken in the freezer. Everything tastes homemade. Kids love it...as long as I don't make the same recipes too frequently.

Wonderful book for cooking quick and easy meals with chicken whether or not the chicken comes from the rotisserie or just out of the freezer. Loved it so much I bought a copy for my sister.

Great recipes using an already-cooked rotisserie (or other method) chicken/turkey. Not great for instructions on how to cook (roast) the bird--these recipes for for the finished bird. Really great recipes of all kinds. I'm not a great cook and this helped me a lot. I do recommend it highly.

We LOVE rotisserie chicken (especially Costco's) all the stores seem to sell them now . There's so

much you can make from them and this book has tons of good recipes.
