Much cheaper than buying all 9 books individually. These book is huge and very heavy and my 9 year old insisted on carrying it to school every day to read during reading time. He was extremely proud of himself when he finished it and loves telling people he read a 600 page book.

Dr Block has created a great cast of characters and has sent them on a cool adventure. I really enjoyed this book. I plan to give it to a friend for Christmas.

Excellent book! Our child loves reading this and has a hard time putting the book down. Would recommend for any Mine craft fan!

If you're familiar with the whole Minecraft fiction movement, you know that some are good...and some are quite bad. (Worse than having to fight a zombie without your weapons.) But this Baby Zeke series is a refreshing addition to the genre. (And far better-written than most of the other stuff out there.)

i loved all the books!your such a great writer.why did you delete my reveiw on book nine i hope you add in some withers or something. and since hes the warrior he should be able to change form.p.s. add me in best reviews
