Grade Level: Preschool - 2

Customer Reviews

The late Roger Hargreaves created the Mr. Men series for his son, Adam, who currently oversees the estate and creates illustrations for new Mr. Men books.

This was our first book in the Mr. Men series. The men in our household are tall so we thought this would be a good start. The writing is funny and witty and will entertain children and adults alike. The ending was surprising and very funny as well. Lots of laughs. A little bit about the story... (SPOILER ALERT). Mr. Tall is sad because his legs are very long. Along the way, he meets Mr. Small and other Mr. Men who help Mr. Tall realize that things that "flaws" can actually be benefits.

My daughter loves the Mr. Man collection. I read to her at bed time and she wanted a new one. She picked "Mr. Tall" and enjoys it a lot. P.S. - in some of the illustrations the characters don't have mouth. My daughter is quite puzzled when she sees that. If anybody has a good explanation for that, I'd like to hear it :) Maybe the author could make the illustrations more anatomically correct -

kids are very good at spotting this kind of things.

When I was a child my favourite of the Mr Men was Me Tall. I wanted to be Me Tall. Alas, I only grew to 198cm. Oh well, he is still my favourite.

Cutest books for kids

I had these books when I was a kid and loved them. Somehow, I lost track of them so I am buying them again for my kids. Roger Hargreaves has a great "dry" sense of humor. I may like the books more than my kids!

Cute little book.

I read to 4th graders and they absolutely love these books. They request more and more of them. I'm glad a classic book from when I was young is interesting to kids now.

My 4 year old son still LOVES these books!
