Gotti: Rise And Fall

Synopsis

He was the most famous and infamous mobster since Al Capone: the handsome, expensively groomed Godfather who beat rap after rap to become a folk hero to the masses and a nightmare to the forces of law and order. He was also a vicious killer, a ruthless manipulator, a Machiavellian master of intrigue and double cross, and an ardent womanizer, whose rise to the head of America's most powerful crime family was marked by corpses, lies, and betrayals. By using FBI tapes and a host of sources on both sides of the law, star organized crime reporters Jerry Capeci and Gene Mustain tell the whole, true, uncensored story of John Gotti. With scores of fearfully fascinating characters, brutal vignettes of life and death inside the Cosa Nostra, tense courtroom dramas, and ominous answers to the question of how much power Gotti still wields, this is a great gangster story and the definitive account of John Gotti's rise and fall.

Customer Reviews

Jerry Capeci is considered one of the world's foremost authorities on the Mafia and organized crime. He covered the crime beat for both the New York Daily News and the New York Post (and was the only newspaperman to sneak his way into Carlo Gambino's funeral in 1976) for more than 20 years. He is the co-author of *Murder Machine*, the terrifying saga of Roy DeMeo's bloodthirsty Mafia crew, and *Gotti: Rise & Fall*. A native of the mean streets of Bath Beach, Brooklyn, he now lives in Manhattan.

I enjoyed the book. I could say more about the contents but why spoil it for those who had not read the book. I would suggest others to read it who are interested in Gotti.

Good book

Aside from the foul language, the story was interesting. You learned about the different side of Gotti. You get to see how he started, how he lived and what he came to be.

I have used this many times. We have taken it on road trips to picnic on the way. Also use it at the Boat Dock. Love it.

Great

I'm sure it is a lovely book if you like this sort of thing, but it never arrived.

As expected.

It's a shame the authors were biased and prejudiced against John from the start. Not a great read, but okay.
