Vinologue Montsant: A Regional Guide To Enotourism In Catalonia Including 64 Cellars And 225 Wines (Vinologue: Big Wines From Small Regions)

Synopsis

Often mistakenly referred to as the "affordable Priorat" which it wraps around, DO Montsant was established just 10 years ago but has been a land of family winemakers for centuries. A rolling landscape, it's boxed in by the sharp, craggy Montsant mountain range from which the wines receive their name. Countless lovely old vines (older even than those in neighboring Priorat) of Grenache, Carignan, and Tempranillo form the backbone of the wines in this crescent shaped zone. The first edition of this enotourism guide has 64 extensive winery profiles in DO Montsant with GPS coordinates, hundreds of full color photos, maps, and tasting notes for 225 wines.

Miquel Hudin is a writer and photographer who first began to develop a familiarity with wine at Francis Ford Coppola's winery in Napa Valley. He writes extensively about wines from around the world and has acted as a judge at wine competitions and as a regional consultant to sommeliers and wine directors. Àlvia Varela Serra is a Catalan journalist who focuses on wine, food, and travel. They are the authors of *Vinologue Empordà* and *Vinologue Priorat*.

A fantastic region that gets much less attention than Priorat but making very good wines indeed. The *Vinologue* brings a high-level history for the reader to understand the context and an in-depth account of the region's wineries. The author provided great detail as well as contact information for wineries where available. Our tour to this region would not have been possible nor complete without

this definitive guide.

I bought this book along with the author's book to Priorat since the two regions are side by side. I thought they were pretty much the same but this helps to explain the differences really well and how the wines are similar but definitely not the same. Really indispensable book if you want to visit the region and learn more about the wines

The definitive guide to Montsant. Wonderful wine region for lovers of wine who want to go beyond the mainstream regions. If you're going there, do not go without this incredibly detailed and valuable companion at your side. Well-written, detailed, with a lot of insider information on the region's vineyards, wineries and producers.
