Talmud For Beginners: Text, Vol. 2 (Volume 2)

Synopsis

Rabbi Abrams writes: "When I teach Torah classes to my congregants, sometimes they become very uncomfortable with what they read in the Tanach. Jacob tricks his father. Moses kills a man. David commits adultery. They struggle to come to grips with the difficult passages in the text. They also work on finding meaning in worship services, even though they don't know Hebrew. They strive to define themselves proudly as Jews in a non-Jewish world. They worry about assimilation. And I'm pretty sure that they think their problems are modern ones. Blessedly, the rabbis of the Talmud struggled with these questions, too, and they came up with some terrific answers. "In this introduction to the tractate Megillah of the Babylonian Talmud, we will learn how the rabbis viewed the Torah, and how they teach us to relate to it. They don't shy away from the hard-to-deal with passages, but show us how to meet them head on without sacrificing respect for them. They show us how to make the text our own and how to honor it in our everyday lives. These are ancient answers to modern questions.

Book Information

Series: Talmud for Beginners

Paperback: 190 pages

Publisher: Jason Aronson, Inc.; 1st edition (July 7, 1977)

Customer Reviews

All too often Talmud dissembles into a mass of details, some fascinating but many others esoteric or irrelevant. In this book, Rabbi Abrams identifies the underlying grand themes that pull it all together. She takes the novice by the hand, gently walking him/her through complex logical analyses, until the beauty of the complete structure comes into sight. By weaving lively examples of loving

relationships between human beings into her explanations, Rabbi Abrams not only clarifies the nature of a Jew's relationship to God, but prods the reader into grappling with some of the larger religious issues of the day. In short, like Rabbi Adin Steinsaltz, she makes the study of Talmud inviting instead of intimidating. (Rabbi Judith Hauptman, Jewish Theological Seminary) Rabbi Abrams has produced an excellent introduction to the study of the Talmud. Through explication of selected texts, she conveys to the reader the high degree of accessibility and comprehensibility of the Talmud, proving again that even the most complex matter can be grasped if properly transmitted. Bringing in her own insights, she transforms material that at first blush might seem abstruse or unrelated to human concerns into texts that speak not only to the historical reality of the Rabbis but to our contemporary self as well. (Blu Greenberg, author, *How to Run a Traditional Jewish Household*)

Judith Z. Abrams is a woman with a mission: She wants to bring the beauty of Talmud to as many people, and with as much depth as possible. To that end, she has published many books on the Talmud, including *Talmud for Beginners*, Volumes I and II and, with her husband, Steven, *Jewish Parenting: Rabbinic Insights*, *Learn Talmud: How to Use the Talmud: The Steinsaltz Edition*, and *The Women of the Talmud*. She earned her Ph.D. in Rabbinic literature from the Baltimore Hebrew University and teaches across the country. She is the founder and director of Maqom: A School for Adult Talmud Study, where anyone can learn, regardless of their background. She lives in Houston with her husband and three children: Michael, Ruth, and Hannah.

this book is a little more tattered than I expected it to be, for the price I was charged

This is a very clear and concise book for students and beginners of Talmud study. It is easy reading and quite easy to comprehend.
