# Esoteric Structure Of The Alphabet

## Synopsis

2015 Reprint Edition. Full Facsimile of the original edition. Not reproduced with Optical Recognition Software. Originally published without date by The Academy Press, the book was written as an effort to uncover a sort of "crypticism" that lay behind the letters of the English alphabet, ostensibly hidden there by "Sages" to "safeguard precious cosmic and anthropogenic truth from desecration by the 'rabble.'"

The nature, meaning, and origin of the alphabet is an interesting topic, but a difficult one to research, for lack of material. This short book provides some of the deep insights that I was looking for.

Very eye opening and enlightening read. Helped to close gaps in information. Read with an open mind.

This is one of the best books I have ever read on the subject of allegory relating to the Hebrews. Absolutely loved it. I will never be able to read the bible in the same way again.... Love those

Hebrews!!!!

Very informative

This is such a good book, I could hardly lay it down. The information is easy to understand, and easy to read.

I'll never look at the alphabet the same. I've studied Hebrew and a little Greek and now devolving into Ancient Egyptian. This book helps you see past the letters into the spirit.

This is a very good read for those who are serious about esoteric study! It shed a lot of light on things I was curious about!

I really liked the author's breakdown of the English language and where it stems from. A real eye opener
