## Customer Reviews

Since 2000. Hammond, American Map, Langenscheidt Dictionaries, Insight Travel Guides, Delorme & the famous names in the Langenscheidt family. These represent the most authoritative, up-to-date, and extensive travel and reference products available. In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group. The Langenscheidt Publishing Group, the premier group of map and travel companies, offers over 4,000 North American and international street maps, road maps, atlases, language-learning, bilingual dictionaries, and travel-related products covering countries, cities, and languages in every continent.

This book was in very good condition and very reasonably priced. I would buy from this seller again.

There's not much in this book about Quebec City (11 pages to be exact). I bought it for an upcoming trip to Quebec City. I was very disappointed and found it practically useless. I don't think "Quebec City" should be part of the title. If you want a book that's mostly about Montreal, this might suffice; but I wasn't overly impressed with that part either. There are a lot of photos of people that could have been taken almost anywhere. I have bought several Insight Guides that are much better than this one.

Okay, I bought this book with another one from DK (for Canada) to go to Quebec, Montreal, Toronto and Niagara Falls. I was attracted to the detailed description of the history, different districts in Montreal etc. As it turns out, don't expect this book will help during the trip. It is only good for the background materials, the real hardcore touring part...it's a disaster for us. We first arrived in Montreal, and found we had a hard time locating the actual tour site descriptions in the book. This book does it in a very "romantic" way, we had to read an entire paragraph to see the site we want pop up somewhere, and that's about all we can find. There's very little information about the actual site's hours, location etc. And it does not offer a detailed map for the main tourist site: Old Montreal. In the end, we had to use DK for the entire trip. It's a pity that this is not a practical book. If somebody wants to know more about these cities, this will be a great book. However, for actual visit, I'd suggest just leave it at home.
