Beautifully produced book. The images (almost all black and white) are gorgeous and look to be shot and printed by a master photographer. The models are gorgeous too. Their bodies are ridiculously perfect. I'm happy to add this to my collection. de Mulder captures his nudes with skill and imagination.

This is a great book with stunning photographs, already several possible poses and locations are forming in my head. We could all do well taking lessons from Frank.

Very impressive and tasteful pictures. The models high quality, the locations are superb, the

photographer full of amazing ideas!

Belgian photographer Frank De Mulder is a celebrated fashion, glamour, and advertising photographer whose work has appeared in such magazines as Elle, GQ, Playboy, FHM, Maxim, and more. He studied film at RITS (Brussels) and The Royal Art Academy (Ghent) and worked as a cameraman shooting commercials and short films before deciding to focus exclusively on his photography. *Senses* is De Mulder's 2nd book. It features a brilliant collection of his most scintillating erotica, shot with the exciting flair of the renown fashion photographer that he is. It contains both ravishing nudes as well as images that are powerfully sexual - where flawless models engage in both sensual self-pleasure as well girl-on-girl naughtiness. *Senses* is 168 pages; contains 93 duotone and 26 color images. Text is English and Dutch. It is not to be missed - this is a photographer going places!

Such is Frank de Mulder's artistry that he must soon assume the mantle of the late Helmut Newton as the absolute master of the erotic image . As ever Frank's genius with the camera blends with his delightfully sensuous models to create a true masterpiece with this book .Inspirational , I just wish all of my photographic work was quite this breathtaking . Impressive and thoroughly recommended .
