Dr. Stephen R. Covey is an internationally respected leadership authority, teacher, author, organizational consultant, and co-founder and vice chairman of Franklin Covey Co. He is author of The 7 Habits of Highly Effective People, which Chief Executive magazine has called the most influential business book of the last 100 years. The book has sold nearly 20 million copies, and after 20 years, still holds a place on most best-seller lists. Dr. Covey earned an MBA from Harvard and a doctorate from BYU, where he was a professor of organizational behavior. For more than 40 years, he has taught millions of people "including leaders of nations and corporations" the transforming power of the principles that govern individual and organizational effectiveness. He and his wife live in the Rocky Mountains of Utah.

I am 58 and can clearly see the results of not having a family mission statement when my kids were young. I ran after my career and allowed my wife to parent with authoritative interruptions by me when I wanted to feel connected. The last 25 years have been repair work. I urge every couple and

family, regardless of your family life cycle stage, to read this simple and valuable tool. Stephen's legacy will continue through you and your family. Apply the principles. Your family depends on it.

PLUS: Good ideas. Very useful. MINUS: Audio keeps referring to a workbook, which is not included. Bonus material DVD has interesting stuff, but is poorly organized and does not contain the manual, as far as I can figure out. Disappointing to see such a slapdash approach from Covey org.

I think the overall content was good, but I feel I should have invested my money on something else. I am reading his 7 habits, maybe with this one is enough

Very well done and easy to follow.

Classic Covey! Straight to the point. Well organized. Clear action plan. Totally logical. At the end, you'll only do this when it's important to you...my suggestion...make it important today.

Great book. I am impressed with this series of books. I am going to begin with the personal mission statement to give my family some inspiration.

Very good.

It's like a "Mission Statement".
