Grade Level: Preschool - Kindergarten

Customer Reviews

NATIONAL GEOGRAPHIC KIDS inspires young adventurers to explore the world through award-winning magazines, books, website, apps, games, toys, television series and events and is the only kids brand with a world-class scientific organization at its core.

My students loved it when we read it to them and it was one of the first books they went for in our classroom library. We definitely needed more than one. Also, love the durability of the book since my students are not gentle with books.

This book is great; it helped my daughter learn the large & small body parts (would highly recommend).

Purchased this book for my three year old son to get more familiar with the parts of his body and he

loves it.

It is good to use.
